'HOPPIE' HAS NARROW ESCAPE

Jury in Case of Divekeeper First Stood 9 for Conviction, 3 for Acquittal

New Trial of Accused Proprietor of Hoffman Cafe Is Set for June 19

On the first ballot the Hopkins jury stood 9 for conviction and 3 for acquittal.

THE FINAL BALLOT:
For conviction 7
For acquittal 5
New trial set. . . June 19

William Hopkins, notorious divekeeper, escaped conviction on a charge of stealing a purse and its contents from the person of Thelma Buckingham on April last in a box at the Hoffman cafe, when the jury which had listened to evidence taken during three days, before Superior Judge Ellsworth, reported at 11:30 o'clock last night that they had been unable to arrive at a verdict. They were discharged and the case was set by consent for second trial for June 19.

It is understood that the jury stood seven for conviction and five for acquittal practically throughout the time of deliberation, which extended from 3:15 in the afternoon until 11:30 at night. At 5:20 the jury was taken out to dinner, remaining away until shortly after 7 o'clock in charge of Bailiff Frank Barrett. During the time the jury was out the defendant was in custody of Deputy Sheriff Arthur Lise, and although he was closely watched he was not locked up in a cell in the county jail owing to the fact that he had been at liberty on bonds during the trial.

"HOPPIE" WORRIED.
"Hoppe" endeavored to strike a melancholy attitude before the gaze of the bankers and freely laughed and chatted. But as the hours wore on and still the jury did not render the expected speedy verdict of acquittal the defendant became more flustered with visions, perhaps, of a prison cell taking shape in his perturbed mind.

Three possible verdicts were handed the jury by Clerk L. A. Rudolph when it retired in the afternoon. One was for a verdict of guilty as charged in the complaint—grand larceny—carrying with it a penalty of from one to 10 years in prison; the second was for conviction of petit larceny, with the penalty of from one day to six months imprisonment in the county jail, or an alternative fine of from \$1 to \$500; the third verdict was for acquittal.

Five out of the 12 jurors held out that "Hoppe," the accused dive-

John P. Irish Objects to the Exclusion Bill

WASHINGTON, June 6.—John P. Irish, of San Francisco, appeared before a sub-committee of the House yesterday and stated objections of American commercial bodies to the Baker bill, which is aimed at Asiatic immigration. He said the fact of the bill being presented had ruptured "our commercial relations with the Far East." An enactment of the bill into law, he continued, would sever diplomatic relations with China and Japan.

Defense Seeks to Connect Bert Franklin With Opponents of Union Labor

Merchants' Association of Los Angeles Is Dragged Into Darrow Trial

LOS ANGELES, June 6.—Bert H. Franklin's possible relations with the district attorney's office and the Merchants and Manufacturers' Association comprised the cause for a searching cross-examination when Franklin resumed the stand today at the trial of Clarence S. Darrow for alleged jury bribery.

Franklin testified that about two weeks before he entered the employ of the McNamara defense he had applied to Assistant District Attorney W. J. Ford for employment. Since his arrest for jury bribery, Franklin said he had visited the offices of the Merchants and Manufacturers' Association on two occasions. A half-dozen members, named as those present on Franklin's first visit, were said by Attorney Rogers, who examined the witness, to be members of the strike committee.

Franklin said he knew nothing of the strike committee.

District Attorney Fredericks objected to the injection of the Merchants and Manufacturers' Association into the case. He declared that the organization had nothing to do with the prosecution of Darrow or the testimony of the witness.

The new line of attack on Franklin by the Darrow defense was construed as an attempt to show that Franklin had close relations with those who were said to be most deeply interested in the prosecution of the McNamara brothers.

Franklin designated the men declared by Rogers as the strike committee of the Merchants and Manufacturers' Association "as all my friends, for which I thank God."

"How does it come then," asked

Open Court Testimony May Be Circulated Through Mails, Rules Court.

RICHMOND, Va., June 6.—Contemporaneous reports of testimony taken in open court however objectionable to some readers are legitimate and may be circulated in the mails according to the decision of Federal Judge Waddill today in the case of the United States against the Journal Company here.

While specifically upholding the freedom of the press, the court suggested that reputable newspapers would be governed by common decency in acting under that confirmed right. The indictment was quashed.

The case grew out of the publication of testimony at the trial of Henry C. Beattie Jr.

BIG FORCE TO LAND IN CUBA

1500 Marines Total of U. S. Fighting Men to Guard Foreign Property

Cuban Federal Army Will Now Concentrate Against the Negro Rebels

WASHINGTON, June 6.—With four American battleships speeding toward Guantanamo, the force of marines immediately available for the protection of foreign life and property in Cuba is increased to more than 1500.

Altogether the battleships Minnesota, Missouri, Mississippi and Ohio—the fourth division of the Atlantic fleet—which put out from Key West late yesterday under Rear-Admiral Gunther, have on board nearly 800 marines. These ships should arrive at Guantanamo tomorrow.

The cruiser Prairie, which already has landed 450 men under Colonel Lucas, has about 350 more on board. The four battleships of the third division of the Atlantic fleet, still at Key West, under Rear-Admiral Osterhaus on the flagship Washington, have nearly 1000 marines who could be moved to Cuba in a little more than a day. Roughly, the places the number of marines immediately available at about 1500 and the reserve force at Key West at 1000.

3500 AVAILABLE FORCE.

The combined forces of blue-jackets on all the ships which however a day, roughly, the places the number of marines immediately available at about 1500 and the reserve force at Key West at 1000.

As President Gomez indicated in his statement last night, the assumption by the American marines of responsibility for the safety of the foreign properties in Oriente will relieve General Montesagudo's army of the most onerous portion of its work and will enable that officer to begin almost immediately a campaign in force against the marauding negro insurgents.

TO RELIEVE REGULARS.

President Gomez hopes by forming the volunteer guard to relieve the regulars guarding foreign property, that they may pursue the insurgents.

CALIFORNIA CONTEST DIRECTED AGAINST SECRETARY OF STATE

ROSEWATER IS ELECTED CHAIRMAN

Republican National Board Meets; to Expedite Rulings in Primary Disputes

Skirmish Between Taft and Roosevelt Forces Expected to Develop

CHICAGO, June 6.—The national committee was called to order at the Coliseum by Acting Chairman Victor Rosewater of Nebraska. It was expected that no contests would be taken up; the work of the committee seemed likely to be confined to organization and adoption of rules, including the question of admitting the press to the hearings.

Senator Dixon was among those on hand before the committee met, talking to committee members. He had a proxy, but said he was not going into the meeting. Victor Rosewater of Nebraska was elected chairman of the national Republican committee to serve through the convention.

CHICAGO, June 6.—In an effort to expedite decisions in the cases of contested delegates to the Republican national convention, members of the national committee which met today determined to urge that the contests be taken up immediately after the preliminaries or organization are disposed of today.

This change from the original plan, which limited today's opening session to matters of organization was the result of informal conferences at which it became apparent that the work of organization in the national committee would take but an hour or two.

The mass of contest cases confronting the committee, involving the rights of more than 250 delegates to seats, has convinced members that measures will be necessary to dispose of them all before the national convention meets June 18.

The Alabama, California and Arkansas cases will be read for submission to the committee. In Alabama, the first state to be called by the committee, there are contests by the Roosevelt representatives for the entire list of delegates at-large. From the First, Second, Fifth, Sixth and Ninth Congressional districts in Arkansas there are contests for the delegates-at-large and in all of the seven congressional districts in the state except the sixth.

DIRECTED AGAINST OFFICIAL.
In the California case the Taft contest in the Fourth district is directed primarily against the California secretary of state who refused to issue certificates to Taft delegates who received majorities in that list. His action, it is charged, was based on the ground that the state at large had indicated a preference for Colonel Roosevelt.

Although the representation was not complete a majority of the members of the committee assembled today prepared to enter the contest-day of meetings. This meeting is expected to develop a skirmish between the Taft and Roosevelt forces which may become highly important in foreshadowing the line of fighting in the convention.

The Taft leaders, according to reports from various sources, had decided to use their claimed majority of the committee to seat Taft delegates in nearly all of the many contests.

Senator Penrose of Pennsylvania and several other Taft leaders expressed eagerness to clean up the preliminary work of the committee as quickly as possible and get down to the actual work of hearing contests late today.

Nathan B. Scott, West Virginia's committeeman, sent his proxy to Harry

2 PERISH IN BLAZING FLAT

Charred Bodies of Parent and Baby Are Found Locked in Embrace

Firemen Unable to Rescue Woman and Infant Daughter From Flaming Window

SAN FRANCISCO, June 6.—Trapped in their little flat above a paint shop which had become a blazing furnace, Mrs. Mary Saling, 25 years old, and her daughter Cecilia, aged 2 1/2 years, met their death under tragic circumstances early this morning.

Although within sight of rescuers, with fire-fighters climbing a ladder bent on snatching them from the flames, the unfortunate woman and child fled, panic-stricken from the blazing window casement in front of their home and were burned to a crisp in the cauldron of flames at the rear.

The fire was evidently caused by an explosion in the paint shop of H. Sorenson, 461 Thirty-first avenue. Above the store were two flats, one occupied by Joseph Saling, a carpenter employed by the United Railroad, and another by A. Williams and his family.

The inflammable nature of the contents of the shop caused the flames to spread with great rapidity and repeated explosions caused sheets of fire to shoot out in every direction.

Before engine company 16 reached the scene the two flats above were in flames and sparks had already set fire to the adjacent building adjoining.

CHILD IN MOTHER'S ARMS.
The fire-fighters went to work with desperate haste. It was immediately found that the Williams family had escaped and were safe. Their home was in the top flat, which was not reached so quickly by the death-dealing flames. They were horrified to see Mrs. Saling with her little daughter in her arms. Her face was blanched with fear and behind her the flames were roaring their way up.

The firemen hesitated but an instant. Although the whole structure was ablaze and the fire made rescue work almost impossible without risk of life and limb, a ladder was stretched and brave men mounted in an endeavor to save the two unhappy victims. Mrs. Saling was about to step forward to the sill when the ladder itself caught, the window became wreathed with fire and she shrieked back terrified.

FIND CHARRED BODIES.
When the firemen reached the top nothing but flames met their gaze and further efforts at rescue were useless. The building as well as that adjoining was burned to the ground and in the rear of the blackened remains of the paint shop the two charred bodies of the mother and daughter were found locked in each other's arms at 5 o'clock this morning.

Mrs. Saling was about to become a mother. The husband, Joseph Saling, whose presence would likely have saved his loved ones, was away at work at the time of the conflagration. The loss will be approximately \$12,000.

DOCK STRIKE IS NEAR SETTLEMENT

Transport Workers' Federation Offers a Monetary Guarantee.

LONDON, June 6.—Negotiations have brought the settlement of the dock strikers appreciably nearer and introduced a novel element in the relations between capital and labour which may have far-reaching importance.

This was an offer by the Transport Workers' Federation of Monetary Guarantees for the observance of the terms of the new wage-fixing board, which the government proposes to establish. The ship owners and other port authorities will hold a meeting to discuss the new situation.

Another decision which has helped to relax the tension is that of the strikers to abandon their demand for recognition of the federation ticket altogether.

CLEVER ARTISTS CREATE LAUGHTER AT BELL THEATER

MISS JOSIE FLYNN.

Josie Flynn, she of the blackface comedienne style, is laughing with and at the audiences at the Bell Theater this week. She is a breezy little body, lively as a cricket and becomes at once on very friendly terms with her audience.

Wickham Hawthorne, a full blooded red man from the Hawk tribe, who has a Curilsia education behind him, shows a lot of talent. Possessing a voice that rumbles and vibrates when it strikes the deep places, rich in its quality and of a lengthy range, he sings his way across the stage and draws the fire of applause that is insistent.

Carberry and Nelson, don't forget those names, offer a vehicle well suited to them. In "A Night in the T. M. A.," they give us an insight into the association for theatrical managers in such a breezy way that we are not satisfied unless we see them at least a second time.

For the newbies the Bell presents "Murphy," the newsboy ragtime violinist. Murphy has been through the mill as a vendor of the dailies, both morning and evening, learned the art of playing the fiddle in between breathing spells and now he is in demand over the entire circuit.

Marguerite Favar and her girls, exceedingly pretty in figure and costumes, are well received. The girls in the company are the pick of the cleverest performers in the best of the musical comedies which came into favor in the east during the season just closed there.

Yerkes and Adele, who demonstrate delicate exercises, are exponents of the newer methods of physical culture which are being adopted by the multitude of the seekers of better health, complexion and other beneficial results which follow a course of training in this direction. These two give a series of gymnastic performances to illustrate the delicate plan. The act is decidedly novel as well as being an educational and entertaining nature.

CAREER OF NEVADA SENATOR IS ENDED

George S. Nixon Passes Away in Washington Hospital After Long Illness.

WASHINGTON, June 6.—Senator George S. Nixon of Nevada died in a local hospital here at 10 o'clock last night of spinal meningitis.

Senator Nixon had been at the Episcopal Eye, Ear and Throat Hospital since last Thursday, when an operation for nasal catarrh was performed. Spinal meningitis developed and the Senator's condition soon became critical. For the last 24 hours his death had been momentarily expected.

Early yesterday a Christian Science practitioner, William S. Campbell, was called into the case. The Senator's wife and relatives in Nevada had been notified of his condition and they are now hurrying to Washington.

Senator Nixon was one of the most conspicuous mining magnates in the West and was intimately associated with the gold operations in Goldfield in his home state. He was 52 years old and a native of California, going to Nevada early in life. He acquired large interests at Reno, Goldfield and elsewhere and began his political career with service in the Nevada legislature. He was attacked by magazine writers owing to the methods by which they claimed he acquired his fortune, for he was rated as several times a millionaire, with a personal following unequalled by any other man in his state.

OF RETIRING NATURE.

In the United States Senate Nixon was a quiet figure, rarely having anything to say in the floor proceedings, though always ready to give his advice in the private councils of the Republican senators, among whom he ranked high. He was chairman of the committee on reclamation of arid lands, a committee which seldom meets.

He watched closely legislation affecting the western interests, but confined his work to deliberations in committee. Despite the running fire of criticism aimed at him by large interests, Nixon was recently unanimously elected by a Democratic legislature in ratification of his choice at a popular election on the Oregon primary plan. His term, a second one, would not have expired until 1917.

HAD WASHINGTON HOME.

Senator Nixon lived at Reno, but maintained in the city a magnificent estate in the northwest suburbs, where his grounds adjoined the large country home of his Nevada colleague, Senator Newlands. It was the successor of Senator William M. Stewart, whose warring political fortunes and strenuous financial dogma made him a picturesque figure in the national capital a generation ago.

FUNERAL SERVICES TODAY.

Brief funeral services for the late Senator Nixon will be held here this afternoon. President Taft will probably attend. The body will be sent west at 6 p. m.

Mrs. Nixon, who was on her way here from Nevada when the Senator died, will meet the funeral party at Chicago to return to Reno. The funeral party is expected to reach Reno Monday morning. Chaplain Pierce of the Senate spoke of the Senator's loss in his invocation today and Chaplain Couden of the House in his morning prayer asked divine support for the widow and son of the Senator.

The Senate convened at noon and adjourned after a nine minutes' session as a tribute to Mr. Nixon.

WIFE ABSENT.

OGDEN, Utah, June 6.—Mrs. George S. Nixon, wife of the United States Senator from Nevada, lost her race with death last night. She was attempting to reach the bedside of her husband in Washington, when she passed away. Mrs. Nixon, accompanied by her son, passed through Ogden late yesterday afternoon en route to Washington.

Verderer is manager of Redwood Park Inn.

BONNER'S MOTHER HIRES ATTORNEY

Boy Murderer May Plead Not Guilty; Victim Buried Today.

SAN FRANCISCO, June 6.—Charles H. Bonner, self-confessed boy murderer, is searching the Scriptures for spiritual comfort as he sits in his cell at the city prison. Remembering that today has been set for the funeral of his unhappy victim, Bonner L. Godair, Bonner is overcome with grief and repeatedly reads to himself the comforting words of the New Testament containing a message of promise and hope for the sinner.

Bonner's mother visited him this morning and informed him that she had retained an attorney for his defense. He declares that he will be guided by the dictates of the lawyer, and is so positive that he will plead guilty to the charge of killing the girl who did not return his ardent affection.

INQUEST TOMORROW.

The inquest has been set for tomorrow and a representative of the district attorney's office will watch carefully the developments in the interest of the state.

Bonner was quiet and subdued and lacked his usual emotion when interviewed today in his cell.

"I found some tracts here and that made me want the Bible for comfort," he explained. "I am going to have an attorney and I don't know what the outcome will be, but today is the day of Bernice's funeral, and I am very sad and very heartbroken."

FUNERAL TODAY.

The Rev. Robert W. Rogers, former pastor of Plymouth Congregational Church, which on Sunday was merged with the First Congregational Church, of which Bernice Godair was a member, conducted the funeral services at 2 o'clock this afternoon in the absence from the city of the Rev. Dr. Aked. The ceremonies were held at the family home, 1117 Haight street, and the house was banked with floral offerings sent by friends of the child and her father and mother. The interment took place at Mount Olivet cemetery.

ILLINOISANS WILL ENTERTAIN FRIENDS

The regular monthly public meeting and entertainment of the Illinois Society of California will be held at Woodmen Hall, Twelfth street, between Washington and Clay, on Monday evening next, June 10. A good program has been arranged appropriate for the week of Flag day.

The address of the evening will be given by the Rev. William Day Simmons, pastor of the First Unitarian Church of Oakland, on "The Flag and What it Symbolizes." Mrs. Anna De Boer (Mrs. L. M. Star-Spangled Banner), Leah Beck will recite "Drake's Address to the American Flag." Mrs. Georgia Mullen will sing "The Flag of Uncle Sam." Mrs. Dorothy Gardner Smith of the Berkeley School of Dramatic Art will give a recitation. Mrs. Hollingsworth will sing a patriotic song. There will also be a short talk by L. W. Simmons of San Mateo on "The Origin of Flag Day," and there are other features of the program.

Refreshments will be served as usual and a good "old home" social time will be enjoyed. All Illinoisans and their friends and families are invited to attend. The society is organizing to entertain Governor Deneen of Illinois when he visits the coast to select the Illinois site at the fair.

ALPHEUS F. WILLIAMS RETURNS FOR VISIT

SAN FRANCISCO, June 6.—Alpheus F. Williams, son of the famous American mining engineer, Gardner F. Williams, whom he succeeded as the general manager of the De Beers Diamond mines of South Africa, is paying a two-week visit to San Francisco. Young Williams, an Oakland boy and graduate of the California State university, came with his mother in law, William W. Mein, of the late Captain Robert Mein, the distinction of being one of the most successful California mining engineers who cast their lot with the big English enterprise in South Africa a few years ago.

Williams, who will be the guest of Mr. and Mrs. W. W. Mein at 2344 Laguna street, joined his father in Kimberley, South Africa, in 1906. He was made assistant general manager of the mines when his father retired. He was called on by the English syndicate to see the general manager of the diamond mines. Williams also serves as United States consul at Kimberley and is the guest of Mr. and Mrs. Mein for several months.

THE ART COLONY OF DARMSTADT

BY ELBERT HUBBARD

At Darmstadt, across the sea, is an Art Colony, or a Community, if you please, of men and women who paint, carve, model, weave and make beautiful furniture.

These people have built homes for themselves on a special tract of land set apart and sacred for their use.

The colony is actually made up of working people, for certainly no artist belongs to the leisure class.

These people work with their heads and with their hands and with their hearts. The three H's—Heart, Hand and Head—are supreme.

Some one has said that the art instinct is only mother love focused on your work.

There is nothing so persistent and loyal and exacting and unselfish as the Mother's love for her child. As far as her baby is concerned she forgets nothing, overlooks nothing, slights nothing, day or night, winter or summer, no matter what the inconvenience, the welfare of her baby is never out of her mind.

The mother instinct in a man may focus itself in this loyalty to his work, his business, his profession; and when you get this steadfast persistence in work which the mother brings to bear in the care of her child, you get genius.

Mother love asks for little, it gives much.

The artist who achieves deathless fame, and makes money, is the man who puts art first.

In degree, Havenscourt, in Oakland, will be a reproduction of the Darmstadt Art Colony. It is a city of artistic bungalow homes—a city within a city.

There will be no duplication in architecture.

Beauty, convenience, efficiency will be manifest in every one of these homes that will be located in beautiful Havenscourt.

Every street in Havenscourt is paved, all have concrete curbs, concrete sidewalks—birds, plants, flowers, little miniature gardens.

Prizes will be offered for back yards. Here children will thrive and flourish, because everything that is happy and cheerful is in the district.

There will be no saloons in the district.

All of the stores will be located on one particular avenue, facing a little miniature park, and will be beautiful, artistic little shops.

The gross, the blasé, the eccentric, will have no place in Havenscourt.

Every plan, before the building is erected, must be submitted to the Supervising Architect, who will co-operate with the owner, with the kindly intent and aim to exclude the inharmonious.

Havenscourt will be an education to the young. The famous Frick School is just a block away and across the Boulevard is a seven-acre playground, established, supervised and maintained by the City of Oakland.

No city in the world is paying greater attention to education and has a more solicitous thought for the child than has the municipality of Oakland.

Havenscourt symbolizes health, beauty, industry, economy, efficiency.

The moderate cost for lots and the very small expense at which one can have a beautiful home in Havenscourt is a surprise and a delight.

THE wedding of Miss May Bissell and Dr. Channing Hall was witnessed by 100 guests last night, who gathered at the Bissell home in Alameda, which was decked in masses of sweet peas in varying shades. The French color scheme of lavender and pink was used, and formed a bower in the bay window. Overhead was suspended a wedding bell of sweet peas, while tulle was added to the dainty effect. BEQUESTS MADE BY MRS. BUDD ILLEGAL

Two Provisions in Will Contrary to Law and Money Will Go to Heirs.

STOCKTON, June 6.—It has been determined that two of the bequests made by the late Mrs. Budd, widow of Governor James H. Budd, are illegal and hence the large share in her estate designed to perpetuate the religious doctrine founded by her will go to the heirs. When Mrs. Budd made her will she provided that James Budd Dixon, an 11-year-old nephew, who was made the principal legatee, should, upon reaching his majority, sign a declaration that he use one-half of the income from the Budd flats and the Budd vineyard to carry on "The Christ Doctrine Revealed and Astronomical Association" before he could come into a substantial portion of the estate.

This bequest, and one of \$2500 for the Stockton Free Library, were made within less than thirty days of the death of the deceased, and hence are illegal.

Luella Nell Dixon, guardian of James Budd Dixon, has petitioned the superior court for permission to enter into a compromise for the distribution of the estate. All of the other parties who shared in the estate have signed the compromise. By the terms of the compromise the association is to receive \$340 in cash.

Clara A. Webster, sister of Mrs. Budd, is to receive the Budd residence on East Channel street and all of Mrs. Budd's diamonds.

James Budd Dixon is to receive outright the bequest of \$2500, made for his schooling, \$8000 in cash and the watch, chain and pocket, camera, library and oil paintings of former Governor Budd.

The bequest of \$2500 made to the library and the Budd flats and Budd vineyard are to go share and share alike to Clara A. Webster, Olive I. Hulse, Luella Dixon, Veece Tully and Homer Nell.

Cowboy Cowed

LOS ANGELES, June 6.—The trial of the Magon brothers, Mexican revolutionists, accused of violations of the neutrality laws, was suddenly interrupted yesterday by the most sensational episode in the history of the local federal court. Two pretty girls, relatives of the defendants, were arrested on the court's order charged with threatening the life of a witness for the government.

The girls are the Misses Lucille Norman, aged 18, and Mercedes Figueroa, 16, the former a stepdaughter of Ricardo Flores Magon, and the latter the daughter of Angelino Figueroa, co-defendant with the Magons.

The object of their alleged threats was Peter Martin, an Arizona cowboy, who had been giving evidence of a most damaging character against the Magons and their followers.

The alleged attack occurred in the corridor outside the court. According to Assistant United States District Attorney Robinson, the girls bitterly assailed Martin as a traitor and said they would shoot him if he did not stop giving testimony against their relatives.

NEW YORK, June 6.—Mrs. Adeline D. Crandell, who was serving a term in the workhouse for annoying a neighbor, when her husband, Frederick Crandell, inherited \$1,000,000 or so last February by the death of his uncle, Edward Hawley, the railroad man, filed suit in the Supreme Court yesterday for separation, with liberal alimony. Mrs. Crandell alleges abandonment and non-support.

Mrs. Crandell alleges in her complaint that she married in 1888, and that the next year Crandell stopped work and refused to support her.

Mrs. Crandell further says her husband took three of the five children from an institution on April 14 and secreted them. She alleges that her husband promiscuously sought the company of other women.

PERFUMES

By LILLIAN RUSSELL

(Copyright, 1912, Lillian Russell.)

A FRENCH firm has just established a shop, or rather salon, in New York and is fitting perfumes to the modish woman. Just what perfumes the firm has selected for brunettes, or what it chooses for blondes, I was so anxious to discover for the benefit of my esthetic readers that I called at its place of business to find out. The woman and man who are the artistic proprietors of this new fad were so saturated with some indescribable odor that had they handed me ten or twenty different perfumes to select from or for them to select for me they would all have smelled like one scent. I asked how they judged what odors would suit brunettes, for instance. They said heavy odors like *Peau de Espagne* or *Jacqueminot Rose*, *Violet* for blondes and so on in a ridiculous affected fashion. I imagine that the shop will die a natural death soon, for in selecting perfumes every woman has just her own idea of what is a sweet odor—just as each person knows what fruit he likes best to eat and what flower he prefers out of the many different kinds. No woman of taste will put on too much perfume. A favorite sachet, made in tiny satin bags and pinned inside the bodice, will give sufficient scent to any clean woman. The same sachet should be made in larger bags and placed among the lingerie and in handkerchief boxes. One odor may cling to a pretty woman so everlastingly that her friends may know when she is near without seeing her.

The perfume question has become such an art in Southern Italy and France that the ultra-esthetic people will not even have scented flowers on the dinner table to detract from the delicate odors of the delicious foods. That seems to me to be going to extremes, for I love flowers on the table whenever I eat, may it be breakfast, dinner or supper. A lilac luncheon is most exquisite, with a lilac bordered china service and bunches of lilacs at every place at the table. But flowers to me are like real people, they have just the effect of delightful friends around me. No autumn is real to me without chrysanthemums, no spring without apple blossoms, violets and roses; no summer without phlox and holly hocks.

To a delicately lovely woman the odor of any perfume is almost superfluous. When she has had her bath and is cleanly dressed from head to foot she has nature's real perfume—health. There is a real perfume to healthy people, for they always use plenty of water, some toilet water and toilet powder in their daily regimen of dressing. Strong perfumes are extremely vulgar. Orientals use much strong odor, spicy and sweet, which suspiciously looks as if they used it to cover up some uncleanness. That may not be true, but so it affects me. I myself have a weakness for delicate perfumes and never use but one odor for months at a time. There is something spiritual about a delicious sweet odor, just as the Chinese and Japanese burn sweet incense before their bronze gods to clear the air from evil spirits and send sweet incense to heaven. So I love a delicate perfume to fill my rooms, either from fresh flowers or incense. To me it means refinement and consideration. I cannot imagine a beautiful woman without a delightful accompanying perfume. And I cannot tolerate perfume on a man; a little toilet water of the most simple kind, yes, sparingly, but a real man never uses strong perfumes. Perfumes are symbolical of much, so select a refined odor and keep to it. Remember, there is as much character expressed in the odors you use as in the words you choose.

DISCOURAGED.—Blushing is caused by self-consciousness and the minute you forget yourself you will overcome blushing. Try to get interested in other people and in the things around you, and when you feel that you are blushing try to say or do something for some one else or take a long, deep breath. Forgetting yourself is the only thing that will overcome blushing.

CORA.—Borax will not cause a growth of superfluous hair; in fact, it will cause the hair to become dry and break off. I would not advise you to use too much of it on your face. Take two-thirds peroxide of hydrogen and one-third ammonia. Apply enough to wet the hair and allow it to dry on. The peroxide will bleach the hair and the ammonia will gradually kill the roots.

BEE.—There are a great many good sachets on the market. Any one of them put up by a reliable perfumer you may count on being good. Make tiny silk bags and sew them in your gowns or put them among your linens. This will give them a delicate odor. While many people do use a make-up on the street, it is considered bad taste.

A. B. C.—I think it would be very becoming to wear the hair in a braid as you say, and if your limbs are a little too stout I should advise you to wear your dresses to your shoe tops. It is sometimes possible to reduce the calves of the legs by rubbing alcohol on night and morning.

JUVENILE DANCER WINS HER LAURELS

ELAINE HILLS. —Dorsaz photo.

Members of the fraternities of this city have been entertained during the season by Elaine Hills, a juvenile dancer and singer. Two years ago the youthful performer made her debut and upon her initial performance she scored a hit. Actor folk have encouraged the child to adopt the stage as her life work, but as yet her parents have not considered the project of a dramatic career for the girl. She is very talented and is a favorite in theatrical circles.

CANNON FOR PARK

WASHINGTON, June 6.—Representative Kahn introduced a bill in the House yesterday authorizing the secretary of war to donate a condemned brass cannon to be set up in front of the Pioneer Cabin in Golden Gate Park. Kahn said there would be no trouble in securing the piece, which has been requested by San Francisco women.

MILLS ESTATE ENLARGED

MILLBRAE, June 6.—The country estate of the late D. O. If You Are Looking for a Hair Dye Don't Use Parisian Sage

"I take great pleasure in writing to you and thanking you for the benefit I have derived from your great hair tonic—PARISIAN SAGE. I was confined in St. John's Hospital in this city for over two months. I have had my hair was falling out so much I thought I would be bald-headed in a few months. I saw your advertisement in the Register of this city and got a bottle and used it according to directions and the first bottle did the work. I have used many other tonics for the hair, but PARISIAN SAGE has them all beat. I wish you good luck in all ways and thank you again for what it has done for me." WANTED! LEADERS FOR SCOUT SORTIES

Who will volunteer to lead the boy scouts on their summer trips this year? There is a shortage of leaders, declares Professor Victor Ligda, who has organized scout patrols in the various schools throughout this city. The movement, when it was inaugurated here about a year ago, was very promising and there was unbounded enthusiasm displayed by the youngsters in the study of scoutcraft. Hundreds of scouts are now in the scout troops, which were established in the churches as well as in the schools. The youths enjoyed tramping over the hills and to the different places of interest. Hikes to Mt. Tamalpais and Mt. Diablo in khaki suits with provisions and camping outfits, were refreshing.

According to the statement made by Professor Ligda, the girl scout companies are being formed very slowly. In an optimistic spirit he said this morning that the girl scout equals will some day be as strong as the boys.

The first corps of girl scouts in Oakland was launched by Miss Beatie Dingwall, leader in the First Presbyterian Church. A number of expeditions to picturesque spots have been conducted by the scout members, who have created a love for the outdoor life and activities.

GENERAL HUERTA MOVES ON REBEL VANGUARD

GOES ON MARCH
OF FORTY-SIX
MILESFederal Army of 3000 Men En-
Route to Santa Rosalia
From Jimenez.Rojas Expected to Fall Back
Toward Bachimba, Nearer
Oroco.

JIMENEZ, Mex. June 6.—General Huerta's federal army of 3000 is en route today to Santa Rosalia, forty-six miles north of here where it should arrive at nightfall. Santa Rosalia is only nine miles from La Cruz, where Colonel Antonio Rojas and the rebel vanguard is reported to be stationed. It is believed, however, that Rojas will fall back toward Bachimba, sixty miles north, where the main columns of General Oroco's rebel army are gathering.

Word reached here of a sharp skirmish near San Juan de Guadalupe, in Durango, between General Blanquet and the rebel forces under General Campa and General Argumedo. The federals are reported to have driven the rebels westward and away from Torreón, their objective.

REBELS IN CAMP.

CHIHUAHUA, Mex., June 6.—Rebel cavalry under Colonel Terrazas, sent westward to keep an eye on the federals under Generals Villa and Rago, who are riding overland from Parral, are encountered near Santa Isabel, 45 miles west of here on the Mexican Northwest railroad.

CAMP IN JUAREZ

EL PASO, Tex., June 6.—E. C. Llorente, Mexican counsel here, declared today that information from his secret agent was that General Campa had left his command with General Argumedo in the south and had come to Juarez to assist in getting ammunition for the rebels. Liberal officials in Juarez deny this. The Mexican consul also asserted that Castillo Herrera, head of the rebel custom house in Juarez, has been arrested by American authorities at Columbus, N. M., for attempting to smuggle arms across the international border at that place.

PURSUE BANDITS.

SANDISBORO, Tex., June 6.—A posse of Terrill county ranchmen led by Sheriff Allen, today galloped toward the border in an attempt to head off Mexicans said to have stolen a herd of horses from ranches in the hands of the next week or a hard fight will result. Renewal of bandit activity on this side of the border is ascribed to the withdrawal of United States troops who have been patrolling the international line.

1114 Broadway.

Only a little more than one day has gone by since THE TRIBUNE began its distribution of admission tickets for TRIBUNE day on Tuesday June 11, at Idora Park, yet already thousands of the tickets have been called for and given out, and every hour sees the piles in the central and branch offices of the paper decreasing in height. Not for years has any sort of a holiday such as this which THE TRIBUNE is going to give aroused so much interest in people about the bay, and on every corner is heard questions about the great celebration and plans for its enjoyment.

MEET BIG DEMAND.
From 10 o'clock yesterday morning, when the first tickets were handed out over the counters of THE TRIBUNE's five local offices, dozens and hundreds of people appeared with requests for the tickets, and the demand continued to grow as the day progressed. The success of previous TRIBUNE days has made every one who has ever before participated in them keen to duplicate their enjoyment this year, and the requests for the tickets show that all previous records in attendance bid fair to be broken.

This year one of the biggest attractions of the day will be the two band concerts, afternoon and evening. Giuseppe Lofaso, the temperamental young Italian conductor, who has been engaged with his musicians to play during the day, has had nothing but praise heaped upon him since his first appearance in this country. In the Eastern cities he ranks as one of the foremost bandmasters of the day, the equal of the greatest, and his forthcoming debut on the Pacific coast on TRIBUNE day promises a sensation of no uncertain type.

TWO GREAT CONCERTS.
He will give two concerts on the great holiday, one in the afternoon, beginning at 2 o'clock, with an intermission allowing the second half to be resumed at 4 o'clock, and one in the evening, starting at 8 o'clock, continuing from 10 o'clock on. In order to satisfy the desire of music lovers, from the classical to the admirer of the latest light opera composition, together with novelties in still more popular dance music included, Lofaso has arranged the following program: March, "Washington Grey." Grand Selection from "Alma, Where Do You Live?" Remick.
"Dance of the Honey Bees" Richmond.
"Ania" Serenade Egyptiana. Llorente.
Intermission.
Waltz "Blue Bird" Strauss.
Overture "Irish Rose" Lavallo.
Selection, "Spring Maid" Reinhardt.
Overture, "Semiramide" Rossini.
Intermission.

EVENING PROGRAM.
Part one begins at 8 o'clock.
March, "Stars and Stripes For Ever."
"Wedding of the Winds" Strauss.
"I'm Afraid to Come Home in the Dark" Lampe.
Overture from "Martha" Flotow.
Intermission.

Part two begins at 10 o'clock.
March, "Foot and Puppet" Suppe.

"Smile," Joplin rag. Weirich.
Selections from "Madam Sherry" Roschina.
March, "The American Republic" Thiele.

A BALLOON ASCENSION.
Immediately following the band concert of the afternoon, Professor Frank Hamilton will make his balloon ascension. This is certain to be fully as interesting as the band concert, and, like the concert, is something which has been arranged entirely apart from the regular concessions, admittance to which will be secured by coupons. These coupons will be given to the crowds entering the park on the surrender of their admittance tickets at the gate, and include admittance to some of the best and most interesting concessions within the confines of the Park Beautiful.

Moving pictures of the highest class in the theater, bars of peanuts, shooting the rapids, the social whirl, the mountain slide, the circle swing, the toboggan, the carousel, laughter land, games for the penny arcade, the scenic railway and some other novelties are among the things for which the concession coupons call. These and the other beauties of the park will furnish the rarest of rare enjoyments for TRIBUNE day.

HOW TO GET TICKETS.
All that anyone need do is to remember the simple method of getting the tickets to the park. This can be done, as thousands of people are doing, by calling at THE TRIBUNE'S various offices and asking for them. Ask for morning, afternoon or evening tickets. If you have any particular preferences as to just which time you go. If you go in the morning, it must be between the hours of 10 and 1, for which get a white ticket. The afternoon hours are from 1 to 4 and the coupon is green. The evening hours run from 6 to midnight, with red cards.

THE TRIBUNE wants everybody in Oakland, Alameda and Berkeley, as well as in all the surrounding country, to come and enjoy the day. If it is impossible for anyone to call at the office for tickets, write a line to THE TRIBUNE, asking for the tickets, and enclosing a stamped envelope for the reply and the tickets will be sent to you. THE TRIBUNE is playing host for the day to its thousands of readers and friends. It hopes to have 50,000 at the park on Tuesday, June 11. Everybody "be doin' it!" Be one of the crowd!

Attorney-General Webb's Absence Simmers San Diego Situation Down.

Workers and Socialists Will Make No Further Test of Ordinances.

SAN DIEGO, June 6.—With Attorney-General C. S. Webb out of the city and the grand jury not in session, the Industrial Workers of the World situation in San Diego simmers down to prospective action in the police court. A number of cases for alleged violation of the city ordinance are yet to be heard.

Both Webb and Benjamin are expected back June 17 to lay before the grand jury matters which they claim should be investigated. These matters relate, it is believed, to the deportation of the Industrial Workers by the "vigilantes" and the kidnapping of Ben Reitman and A. R. Saur, the latter editor of a local weekly paper.

As far as known the Industrial Workers and Socialists have given up the idea of further tests of the "move on" ordinance.

AX SHARPENED

CITY HALL

Resolution by Council Paves Way for Demolition of Building.

Ground Floor of New Building Will Be Occupied in 90 Days.

Removal of the old city hall, which now blocks the extension of Washington street north to San Pablo, within three months is heralded by a resolution introduced by Mayor Frank K. Mott this morning and passed by the council. The resolution directs Commissioner of Public Works Harry S. Anderson to investigate the ways and means to obtain temporary housing for the municipal departments and police courts and jail now occupying the old structure. A place will probably be rented for some of these departments, while within ninety days there will probably be accommodations in the ground floor of the new city hall for some of these departments.

Complaint has been made by merchants and business men because of the delay in opening Washington street north. This is now in readiness as the street opening proceedings have been completed. Mott's resolution follows:

Whereas, The benefits assessed for the opening of Washington street have virtually all been paid, and
Whereas, The residents and merchants within the assessment district are demanding the removal of the obstructions on Washington street between Fourteenth street and its intersection with San Pablo avenue be removed, and
Whereas, The building of the new city hall will be facilitated by the removal of the old building by giving a better opportunity for the handling of building material and supplies, therefore, be it

BILL PROVIDES FOR
ARIZONA ELECTION

PHOENIX, Ariz., June 6.—By a vote of 38 to 2 the House passed today the bill providing for a State election next November. At the same time a bill was introduced in the Senate providing that the question of a State election be submitted to the people next November, and that if an election is ordered it shall be held next February.

The question of whether the present State administration should hold office for one year or four years has been constantly before the legislature since it began its sessions two months ago. In the regular session, immediately preceding the present session, the proposition of calling another State election next November was defeated.

Called Away After Wedding to Do His Part in Daring Crime.

Wife Granted Divorce After a Remarkable Story of Deception.

SAN FRANCISCO, June 6.—Married to a robber whose profession it was to drill his way into bank vaults and hold up pedestrians as a member of a gang of desperadoes and who was summoned almost from the altar to fulfill his part in a prospecting crime, Mrs. Mary D. Ashby told her story to Superior Judge Mogan today and was granted a decree of divorce. Mrs. Ashby resided in Golden Gate, where she met the handsome railway engineer, as she thought, and succumbed to his ardent attentions.

A marriage was agreed upon and with some elaborateness the ceremony was performed. Hardly had the bride had an opportunity to get at her friends when her husband received a telegram which she was not permitted to look at. He told her he had been summoned away on business, but in reality the message had come from a member of his gang, summoning him to do his share in breaking into the vault of a bank at Delta, Nev.

The crime was successfully perpetrated and the young man returned to his devoted bride. Frequently thereafter he was called away on "business" and it was not until long after that his wife learned the truth. This was just before he was captured and sentenced to 23 years at hard labor in the prison at Lancaster, Neb. This was a portion of the somewhat remarkable story told by Mrs. Ashby on the witness stand and in it she was corroborated by J. C. Burton of the Potter Hotel, Santa Barbara.

PULL OUT A HAIR

The Way to Tell Whether or Not Your Hair Is Diseased

Ever if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. Ninety-eight per cent of the people need a hair tonic. You can make a test yourself that you can see and understand which will tell you whether your hair is healthy or not. Pull a hair out of your head. If the bulb at the end of the root is white and shrunken it proves that the hair is diseased and requires prompt treatment if its loss would be avoided. If the bulb is pink and full the hair is healthy.

We want everyone whose hair requires treatment to try our Rexall "93" Hair Tonic. We promise that it will not cost anything if it does not give satisfactory results. Rexall "93" Hair Tonic is designed to overcome dandruff, relieve scalp irritation, stimulate the hair roots, tighten the hair already in the head, grow hair and eradicate baldness.

Out of 100 cases where it was given a thorough conscientious test, it grew hair on 75 heads which should be sufficient proof that Rexall "93" Hair Tonic contains extraordinary remedial and hair-growing qualities. It is because of our knowledge of this preparation and our sincere faith in its goodness that we want you to try it at our risk.

Rexall "93" Hair Tonic is a clean, clear preparation which does not grease, gum or thicken the hair, and it has a very pleasant odor. We have it in two sizes, prices 50c and \$1.00. Remember you can obtain Rexall Remedies only at The Owl Owl Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

HOBART MAY WIN TECHNICAL POINT

Bets to Be Declared Off If the Clubman Insists on Duplicating Feat.

BURLINGAME, June 6.—Craving for solid food yesterday forced Walter S. Hobart, polo player of Hillsborough, to abandon his lemonade diet, which he adopted several days ago, in an effort to reduce weight in connection with training for the purpose of walking up and down 16 stairs on his hands. He won a \$500 wager with Harry Scott. Despite the energy of George Takahara, his Japanese waiter, who since last Sunday, has acted as the clubman's instructor in the acrobatic stunt, Hobart at the present time is unable to walk up one single step on his hands. Yet the polo player hopes to win the wager on a technicality.

While in the midst of training one of the poloist's friends tipped him off that Lord Tweedmouth won his wager at Coronado by merely crawling up and down steps on his hands and knees the judges passing favorably upon the performance.

It was pointed out to Hobart that since he agreed to duplicate the Lord Tweedmouth stunt the rules of the former affair should be in vogue, thereby insuring him an easy and certain victory at the coming test.

Aside from agreeing to duplicate the Lord Tweedmouth performance, the clubman declared that he would forfeit \$50 a step for each of the 16 stairs that he failed to climb and depend on his hands. Scott promised to pay Hobart \$50 for each additional step that he walked.

The contest was to take place next Saturday night. Should Hobart insist upon technically duplicating the Tweedmouth stunt, Scott will insist that the wager be declared off.

FIRE IN ARIZONA TOWN. BISHOP, Ariz., June 6.—Fire at Benson yesterday destroyed a store, a saloon and two warehouses belonging to B. A. Taylor, a Bishop banker. The loss is \$50,000, partially insured.

EXCESS BAGGAGE PLAN IS SPOILED

Regulations Proposed by Railroads Suspended by Commission.

WASHINGTON, June 6.—New regulations of transportation of baggage proposed by nearly every railroad in the United States, which, in effect, would advance the rates on "excesses," were suspended by the Interstate Commerce Commission.

The suspension becomes effective July 1 and continues in force for 120 days, pending investigation. The new regulations not only sought to amend

the excess rates, but to prohibit the carriage of certain sized pieces of baggage. The proposed regulations follow:

"On and after July 1, for any piece of baggage (except immigrant baggage checked at port of landing) the greatest dimension of which exceeds 48 inches, there will be an additional charge for each additional inch equal to the charge for 10 pounds of excess weight."

"On and after July 1, 1912, no piece of baggage the greatest dimension of which exceeds 70 inches (excepting immigrant baggage checked at port of landing) will be transported in baggage cars."

The commission believes that the fixing by the roads of the dimensions of baggage will work an unnecessary hardship upon travelers.

DETHRONE JOSS IN CHINATOWN

Temple Quarters in New York to Be Torn Down New Idea to Reign.

NEW YORK, June 6.—The joss house of Chinatown is to be torn down. The quarters of the temple are to be replaced by a meeting hall for the new idea and the keeper of the joss has gone away.

The hand-carved wooden screens which protected the sanctity of the temple from the eye of the unbelievers are to be used as ornaments by anyone who may obtain them. The burning of incense has ceased. The big ball, of which the joss man calls the attention of the gods to the offerings of mortals, is to be disposed of, while the carved image of Buddha, which was brought to this country when the little temple at No. 18 Mott street was established in 1876, is to become the possession of whomever will buy it.

This last step in the "Americanization" of Chinatown, has been decided upon at a meeting in the council room of the Six Companies, which is the congress of Chinatown.

The great Buddha, sitting upon his throne in the dark room of the temple has watched for a long time the defection of his followers. The offerings of rice cakes have grown smaller and smaller, while the odor of incense has become more and more infrequent.

The priest with this daily sustenance diminished, at length disappeared, leaving the keys of the joss house with an old man too indolent to open the doors.

The definite renunciation of Buddhism and the approval of the Six Companies of the step is believed to be a settlement worker in Chinatown, to be of important influence in the work of the churches.

TRAMPS START FIRE; OF BARLEY ACRES SWEPT

FRESNO, June 6.—Fire yesterday destroyed 170 acres of barley on the H. H. Eriz ranch, seven miles from Fresno. The loss will amount to about \$5000, which is partly covered by insurance.

The fire was accidentally started by several tramps when sparks from their campfire fell into the barley field. An attempt was first made to put out the fire by a bucket brigade, but, failing in this, a large circle was plowed around the burning grain and the blaze checked in that manner.

B. B. Boush leased the ranch from Eriz. Numerous grass fires have occurred in the city and country since hot spell, but no serious fires have resulted.

STATE SENATOR FIRST IN BIG LAND DRAWING

NORTH YAKIMA (Wash.), June 6.—The names of twenty successful applicants for land valued at \$250,000 opened to settlement under the third unit of the Government Tieton Irrigation project were drawn by lot at the United States land office here yesterday. The name of State Senator Frank J. Allen of North Yakima was the first drawn. He secured a tract of 33 acres of valuable agricultural land. All those drawn are residents of North Yakima, except A. H. Johnson and Cambridge Delaney of Seattle. Earl W. Lutz of Volmer, Ida., and Samuel Feldman of Prosser, Wash.

THIS IS HOT WORK. PHOENIX, Ariz., June 6.—With the temperature at just 115, firemen last evening waged an ineffectual battle against flames in the huge warehouse of Dwight B. Heard. The flames started from spontaneous combustion and the loss was placed at \$50,000, with \$25,000 insurance.

While 1 1/2 blaze was in progress flames broke out in the Ivon Hotel, which is badly damaged.
